

## **Publications J.D ARCHIBALD depuis 1996**

Ekdale, E. G., Archibald, J. D., Averianov, A. O. 2004. Petrosal bones of placental mammals from the Late Cretaceous Uzbekistan. *Acta Palaeontologica Polonica* 49:161-176 (960KB pdf).

Archibald, J. D. 2003. Timing and biogeography of the eutherian radiation: Fossils and molecules compared. *Molecular Phylogeny and Evolution* 28:350-359 (653KB pdf).

Archibald, J. D. and Averianov, A. O. 2003. The Late Cretaceous eutherian mammal *Kulbeckia*. *Journal of Vertebrate Paleontology* 23:404-419 (4.6MB pdf).

Averianov, A. O. and Archibald, J. D. 2003. Mammals from the Upper Cretaceous Aitym Formation, Kyzylkum Desert, Uzbekistan. *Cretaceous Research* 24:171-191 (769KB pdf).

Szalay, F. S., Sargis, E. J., Archibald, J. D. and Averianov, A.O. 2003. Late Cretaceous therian postcranials from the Kyzylkum Desert, Uzbekistan: A preliminary assessemnet of taxonomic properties. *Journal of Vertebrate Paleontology* 23(supplement. to no. 3):103A.

Averianov, A. O., Archibald, J. D. and Martin. T. 2003. Placental nature of the alleged marsupial from the Cretaceous of Madagascar. *Acta Palaeontologica Polonica* 48:149-151(128KB pdf).

Archibald, J. D. 2003. A new periodical on mammals. *Acta Palaeontologica Polonica* 48:152 (56KB pdf).

Archibald, J. D. 2002. Dinosaur extinction: Changing Views. Dinosaur Extinction: Changing Views," In *Dinosaurs: The Science Behind the Stories*, Geological Institute, p.99-106 (200KB pdf).

Hunter, J. P. and Archibald, J.D. 2002. Mammals from the end of the Age of Dinosaurs in North Dakota and southeastern Montana. Hell Creek Formation and its faunas and floras. *Geological Society of America Special Paper* 361:191-215 (436KB pdf).

Archibald, J. D. 2002 On the Brink, essay review of *Rivers in Time: The Search for Clues to Earth's Mass Extinctions*. Peter D. Ward. *Biosciences*. 52:445-446 (205KB pdf).

Archibald, J. D. and Averianov, A. O. 2001. Paranyctoides and allies from the Late Cretaceous of North America and Asia. *Acta Palaeontologica Polonica* 46:533-551.

Archibald, J. D., Averianov, A. O., and Ekdale, E. G. 2001. Late Cretaceous relatives of rabbits, rodents, and other extant eutherian mammals. *Nature* 414:62-65 (212KB pdf).

Archibald, J. D. and Deutschman, D. 2001. Quantitative analysis of the timing of origin of extant placental orders. *Journal of Mammal Evolution* 8:107-124 (205KB pdf).

Archibald, J. D. and Averianov, A.O. 2001. Zhelestids, archaic ungulates, and Placentalia. *Journal of Vertebrate Paleontology* 21(supplement. to no. 3):29A.

Ekdale, E. G., Archibald, J. D. and Averianov, A. O. 2001. Ear regions of archaic ungulates and zhelestids. *Journal of Vertebrate Paleontology* 21(supplement. to no. 3):47A.

Archibald, J. D. 2001. Dinosaurs, extinction theories for. In, *Encyclopedia of Biodiversity*, Volume 2. San Diego, Academic Press, p. 95-108.

Archibald, J. D. 2001. Eutheria. In *Encyclopedia of Life Sciences*. London, Macmillan Publishers Ltd, Nature Publishing Group, [www.els.net](http://www.els.net), p. 1-4 (175KB pdf).

Archibald, J. D. 2000. Review of Fossil Vertebrates of Arabia: With Emphasis on the Late Miocene Faunas, Geology, and Palaeoenvironments of the Emirate of Abu Dhabi, United Arab Emirates. Peter J. Whybrow and Andrew Hill, eds. *American Scientist* 88:368.

Archibald, J. David. 2000. Dinosaur abundance was not declining in a "3 m gap" at the top of the Hell Creek Formation, Montana and North Dakota: Comment. *Geology* 28:1150-1151 (46KB pdf).

Diem, S. D. and Archibald, J. D. 2000. Vertebrate fauna from the Upper Cretaceous Williams Fork Formation, northwestern Colorado. *Journal of Vertebrate Paleontology* 20(supplement. to no. 3):38A.

Archibald D., Sues H.-D., Averianov A., Danilov I., Rezvyi A., Ward D., King C. & Morris N. 1999. New paleontologic, biostratigraphic, and sedimentologic results at Dzharakuduk (U. Cret.), Kyzylkum Desert, Uzbekistan. *Journal of Vertebrate Paleontology*. 19 (supplement. to no. 3):29A-30A.

Archibald, J. D. 1999. Pruning and grafting on the mammalian phylogenetic tree. *Acta Palaeontologica Polonica* 44:220-222.

Archibald, J. D. 1999. Molecular dates and the mammalian radiation. *Correspondence, Trends in Ecology & Evolution* 14:278.

Eaton, J.G., Diem, S., Archibald, J.D., Schierup, C., and Munk, H. 1999. Vertebrate paleontology of the Upper Cretaceous rocks of the Markagunt Plateau, southwestern Utah. In Gillette, D.D., ed. *Vertebrate Fossils of Utah*.

Archibald, J. D. 1999. Divergence times of mammals. *Science, Technical Comment* 285:2831a.

Archibald, J. D. 1998. "Gaps" in the K-T Record. *Letters, Science* 279:1114-1115.

Archibald, J. D. 1998. Shiva Impact. Member's Dialogue, *The Planetary Report*, May/June, p.3.

Archibald, J. D. 1998. Death, Taxes, and Extinction: An Example from the Dinosaurs. *National Forum, The Phi Kappa Phi Journal* 78(3):28-31.

Archibald, J. D., Sues, H.-D., Averianov, A. O., King, C., Ward, D. J., Tsaruk, O. A., Danilov, I. G., Rezvyi, A. S., Veretennikov, B. G., and Khodjaev, A.).1998. Précis of the Paleontology, Biostratigraphy, and Sedimentology at Dzharakuduk (Turonian? - Santonian), Kyzylkum Desert, Uzbekistan. In Kirkland, J. I. and Lucas, S., eds.. *Lower to Middle Cretaceous Terrestrial Ecosystems*. New Mexico Museum of Natural History & Science Bulletin 14: 21-28.

Archibald, J. D. 1998. Emerging importance of the Grand Staircase-Escalante region in Cretaceous vertebrate biostratigraphy, western U.S. *Grand Staircase-Escalante National Monument Science Symposium Proceedings*, pg.1-3.

Archibald, J. D. and Averianov, A. O. 1998. Eskhodnaya formula koryennukh zubov dlya platsentarnykh mlyekopetayushchekh (Mammalia, Eutheria) [Original tooth formula fundamental for placental mammals (Mammalia, Eutheria)], *Otchyetnaya Nauchnaya Syesseya po Etogam Rabot* 1997, 7 [in Russian]

Archibald, J. D. 1998. Archaic Ungulates ("Condylartha"). In, C. Janis, & K. Scott, & L. Jacobs, (eds.). *Evolution of Tertiary Mammals of North America. Volume 1. Terrestrial Carnivores, Ungulates, and Ungulatelike Mammals*. Cambridge, Cambridge University Press, p. 292-331.

Janis, C. M., Archibald, J. D., Cifelli, R. L., Lucas, S. G., Schaff, C. R., Schoch, R. M., and Williamson, T. E. 1998. Part III: Archaic Ungulates and ungulate-like mammals. In, C. Janis, & K. Scott, & L. Jacobs, (eds.). *Evolution of Tertiary Mammals of North America. Volume 1. Terrestrial Carnivores, Ungulates, and Ungulatelike Mammals*. Cambridge, Cambridge University Press, p. 247- 259.

Nessov, L. A., Archibald, J. D. (corresponding author), and Kielan-Jaworowska, Z. 1998. Ungulate-like mammals from the Late Cretaceous of Uzbekistan and a phylogenetic analysis of Ungulatomorpha. *Bulletin of the Carnegie Museum of Natural History* 34:40-88.

Archibald, J. D. 1997. El Impacto del retroceso de los mares. *Mundo Cientifico*, 176:155-157.

Archibald, J. D. and Averianov, A.O. 1997. New evidence for the ancestral placental premolar count. *Journal of Vertebrate Paleontology*, 17(supplement. to no. 3):p.29A. (Archibald, J.D. and Averianov, A.O.)

Archibald, J. D. 1997. Extinction (biology). *McGraw-Hill 1998 Yearbook of Science & Technology*, p. 129-132.

Archibald, J. D. 1997. Evolution. In, Currie, P. J. and Padian, K., eds., Encyclopedia of Dinosaurs. San Diego, Academic Press, p. 217-220.

Archibald, J. D. 1997. Extinction, In, Currie, P. J. and Padian, K., eds., Encyclopedia of Dinosaurs. San Diego, Academic Press, p. 221-229.

Archibald, J. D. 1997. Speciation. In, Currie, P. J. and Padian, K., eds., Encyclopedia of Dinosaurs. San Diego, Academic Press, p. 693-695.

Archibald, J. D. 1997. Species. In, Currie, P. J. and Padian, K., eds., Encyclopedia of Dinosaurs. San Diego, Academic Press, p. 695-699.

Archibald, J. D. 1996. L'impact du retrait des mers. *La Recherche* 293: 67-69.

Archibald, J. D. 1996. Dinosaur Extinction and the End of an Era: What the Fossils Say. New York: Columbia University Press, 237p.

Archibald, J. D. 1996. Fossil evidence for a Late Cretaceous origin of "hoofed" mammals. *Science* 272:1150-1153.

Archibald, J. D. 1996. Testing extinction theories at the Cretaceous-Tertiary boundary using the vertebrate fossil record, In, MacLeod, N., and Keller, G., eds. The Cretaceous-Tertiary mass extinction: biotic and environmental changes. New York, W. W. Norton & Co., p. 373-398.

Archibald, J. D. 1996. Dinosaur Extinction and the End of an Era: What the Fossils Say. In, Wolberg, D. L. and Stump, E., eds., *Dinofest International: Symposium April 18-21, 1996, Program with Abstracts*, Arizona State University, p. 25.

Archibald, J. D. 1996. Acid trauma at the Cretaceous-tertiary (K/T) boundary in eastern Montana: Comment. *GSA Today* 6: 21.

Archibald, J. D. 1996. No statistical support for sudden (or gradual) extinction of dinosaurs. Reply. *Geology* 24: 958-959.
